Re: Support for BC's Coal Industry

On behalf of the Thompson-Nicola Regional District (TNRD) Board of Directors, I would like to thank you for your presentation to our Board regarding the benefits of the coal industry to the economy of British Columbia and the TNRD region. On behalf of the Board, I would like to express our support for the coal industry in British Columbia. On June 18, 2015, the TNRD Board passed the following resolution:

THAT a letter of support be forwarded to the Coal Alliance recognizing the importance of the coal industry in BC and encouraging the industry to maintain leading environmental standards.

Once again, I thank you for your presentation and wish you all the best as you continue your work to promote the benefits of the coal industry in our province.

Yours truly,

A handwritten signature in black ink, appearing to read "John Ranta", is written over a horizontal line.

John Ranta, Chair
